

Aman Chaurasiya

Full Stack Developer (MERN Stack)

Mumbai, Maharashtra · ftpchaurasiyaaman@gmail.com · +91 93211 86914 · [linkedin.com/in/aman-chaurasiya-25b553250](https://www.linkedin.com/in/aman-chaurasiya-25b553250) · github.com/aman8906

PROFESSIONAL SUMMARY

Results-driven MERN Stack Developer with over a year of hands-on internship experience across multiple fast-paced product environments. Adept at architecting responsive, scalable web applications using React.js, Node.js, Express.js, and MongoDB. Demonstrated track record of integrating RESTful APIs, optimizing frontend performance, and collaborating in agile cross-functional teams to ship high-quality user experiences. Seeking a full-time software engineering role where I can contribute to building impactful products at scale.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3, Java

Frontend: React.js, Responsive Web Design, Component-Based Architecture, UI/UX Optimization

Backend: Node.js, Express.js, RESTful API Design & Integration, JSON

Databases: MongoDB, Mongoose ODM

Tools & Platforms: Git, GitHub, Postman, VS Code, Vercel, Netlify

Concepts: Agile Development, Code Review, Performance Optimization, Cross-Browser Compatibility

PROFESSIONAL EXPERIENCE

GlobalDigitalSFX — *Frontend Developer Intern (Remote)*

Remote

Present

- Engineered fully responsive frontend interfaces using HTML5, CSS3, and JavaScript, reducing reported UI inconsistencies across device breakpoints by standardizing component behavior.
- Built and maintained a library of modular, reusable UI components in collaboration with the design team, accelerating feature delivery cadence for ongoing web projects.
- Participated in daily remote standups and code reviews, ensuring alignment with project timelines and adherence to team coding standards in an asynchronous environment.

Cognifyz Technologies — *Full Stack Developer Intern*

Remote

June 2025 – February 2026

- Architected and maintained a suite of reusable React.js UI components, enforcing design consistency across the product and reducing redundant code by an estimated 30%.
- Integrated third-party and internal RESTful APIs into frontend applications, enabling seamless data exchange between client and server layers and improving feature delivery speed.
- Diagnosed and resolved complex full-stack bugs spanning both frontend state management and backend API logic, measurably improving application stability and reducing user-reported errors.
- Collaborated with backend engineers to optimize API response handling, contributing to a more performant and reliable application experience.

SaiKet Systems — *Full Stack Developer Intern*

Remote

January 2025 – May 2025

- Designed and delivered pixel-perfect, mobile-first responsive frontend interfaces, ensuring consistent rendering across all major browsers and screen sizes.
- Conducted systematic code profiling and optimization, reducing average page load time by implementing lazy loading strategies and minimizing render-blocking resources.
- Identified, triaged, and resolved critical application bugs across the full stack, directly improving end-user workflow efficiency and platform reliability.
- Contributed to internal documentation and code comments, improving team onboarding speed and long-term codebase maintainability.

TECHNICAL PROJECTS

E-Commerce Platform | React.js, Node.js, Express.js, MongoDB
<https://e-commerce-delta-gold.vercel.app>

2025

- Architected a full-featured e-commerce web application with product listing, filtering, cart management, and secure JWT-based user authentication using the complete MERN stack.
- Implemented RESTful API endpoints for product CRUD operations and order management, and deployed the application on Vercel for continuous availability.
- Optimized frontend rendering with React component memoization and lazy loading, improving perceived performance for product-heavy pages.

CA Firm Professional Website | HTML5, CSS3, JavaScript
<https://skcandco.in/beta>

2025

- Developed a professional, conversion-focused website for a Chartered Accountancy firm, featuring intuitive navigation, a services showcase, and a contact inquiry workflow.
- Delivered a fully responsive layout that maintains visual consistency across mobile, tablet, and desktop viewports, increasing the firm's digital accessibility.

Personal Developer Portfolio | React.js, CSS3, Netlify
<https://p-ortfolio-personal.netlify.app>

2025

- Designed and deployed a personal portfolio website to showcase technical projects, skill sets, and professional background to prospective employers and collaborators.
- Implemented smooth scroll animations and responsive grid layout to create a polished, modern user experience reflective of current industry design standards.

EDUCATION

Axis Colleges, Kanpur — *Bachelor of Computer Applications (BCA)*
Graduated: June 2025

- **CGPA:** 7.59/10.0 **Relevant Coursework:** Web Technologies, Data Structures & Algorithms, Software Engineering, Database Management Systems, Object-Oriented Programming

S.S. Inter College, Kanpur — *Higher Secondary Education (Science)*
2020 – 2022

- Intermediate (12th): 70% · High School (10th): 76%

CERTIFICATIONS

- **Full Stack Web Development** — Udemy 2024
- **JavaScript & React.js Development** — Udemy 2024
- **Java Programming Fundamentals** — Axis Colleges 2023
- **Web Development Internship Certification** — CodeAlfa 2024

ACHIEVEMENTS & ACTIVITIES

- Delivered a live production website (skcandco.in/beta) for a registered CA firm, gaining real-world client communication and deployment experience while still a student.
- Successfully completed **3 concurrent internships** across frontend and full-stack domains, demonstrating strong time management, adaptability, and professional reliability.
- Independently shipped and deployed **3 production applications** on Vercel and Netlify, gaining practical experience in CI/CD pipelines and cloud deployment workflows.
- Earned **4 professional certifications** in web development, JavaScript, React.js, and Java, supplementing academic curriculum with industry-relevant skills.

LANGUAGES

English — Professional Working Proficiency · **Hindi** — Native Proficiency
